DESCRIPTION

Welcome to your dream home with this charming and updated two-bedroom townhouse that is move-in ready and brimming with character. The porcelain tile flooring on the main level creates a seamless flow, while dual-pane windows flood the space with natural light, making every corner feel warm and inviting. The kitchen boasts elegant granite countertops and beautifully refaced cabinetry, complemented by modern vanities in both bathrooms. Enjoy the comfort of plush, newly installed carpet in the bedrooms and fresh paint throughout. Experience the convenience of in-unit laundry with a washer and dryer included. Step outside to your private patio and take advantage of the carport parking just outside your door. Surrounded by a picturesque, park-like greenbelt, this home provides a tranquil retreat from the hustle and bustle of daily life. Take full advantage of community amenities that include swimming pools, relaxing spas, vibrant playgrounds, sport court, a welcoming clubhouse, and even a bike trail that leads directly to the beach! You'll love the easy access to nearby shopping and dining, along with convenient freeway access, making your lifestyle effortlessly connected. This townhouse is not just a place to live; it's an affordable, stylish retreat that offers everything you need and more! Don't miss out on this fantastic opportunity!

RealAVM™:	\$620,700	Estimated Value Range High:	\$675,900
Estimated Value Range Low:	\$565,400	Value As Of:	05/18/2026
Confidence Score:	84	Forecast Standard Deviation:	9

(1) RealAVM™ is a CoreLogic® derived value and should not be used in lieu of an appraisal.

(2) The Confidence Score is a measure of the extent to which sales data, property information, and comparable sales support the property valuation analysis process. The confidence score range is 60 - 100. Clear and consistent quality and quantity of data drive higher confidence scores while lower confidence scores indicate diversity in data, lower quality and quantity of data, and/or limited similarity of the subject property to comparable sales.

(3) The FSD denotes confidence in an AVM estimate and uses a consistent scale and meaning to generate a standardized confidence metric. The FSD is a statistic that measures the likely range or dispersion an AVM estimate will fall within, based on the consistency of the information available to the AVM at the time of estimation. The FSD can be used to create confidence that the true value has a statistical degree of certainty.
